### Tip

When using transitioning yarn, you can get twice amount of options for colouring out of the balls of yarn. If you crochet half of the squares using the ball pulling from the centre and then do the other half of the squares pulling yarn from the outside of the ball. This will change the order of the colour sequence. The squares are small, so you can have a significant variety of colours of squares.

### Attaching Squares - Zig Zag Concept

Lay out your squares to ensure it looks balanced. Ensure to double check to ensure the squares are facing correct way. Please note that sts referenced also include ch-1 sps.

Join yarn to first ch-2 sp of first Motif. With WS tog, ch 1. 1 sc in corner ch-2 sp of second Motif. \*Ch 1. Skip next st of first Motif. 1 sc in next st of first Motif. Ch 1. Skip next st of second Motif. 1 sc in next st of second Motif. Rep from \* to end of row, always working into corner ch 2 sps.

Do not fasten off after attaching 2 squares together. Continue to join the next 2 across and continue across afghan.

Once all joins are made in one direction, turn afghan and do same procedure for the remaining open joins to finish off the afghan.
